GO USA EDUCATION FAIR 2017

Our 2017 **GO USA Education Fair** was a great success! With over **800 visitors**, close to 40 high schools prep schools, colleges and universities, and four fully booked presentations, it was one of the **most successful Fairs** we have ever had the privilege of organizing! It would not have been such a success without the help of the **Gemeentelijk Gymnasium Hilversum**

the **American International School of Rotterdam**, who generously opened their doors to host this year's Fairs. A huge thank you to **Webster University** and all our exhibitors for making this an unforgettable year!
